DAY IN THE LIFE

FOR LIFE

Hi I'm Tiff!

As a documentary photographer, I work like your own personal photojournalist.

Your life is the story, I just play witness with my camera. From the playful laughter you experience as you run with your kids on the beach, to everyday moments like making breakfast with your kids in your pj's, I am inspired by your life story.

I LOVE TO PHOTOGRAPH PEOPLE

It's just that simple and significant.

FALL IN LOVE WITH YOUR STORY

WHAT IS DAY IN THE LIFE PHOTOGRAPHY?

Are you're looking for something that goes beyond just another family portrait?

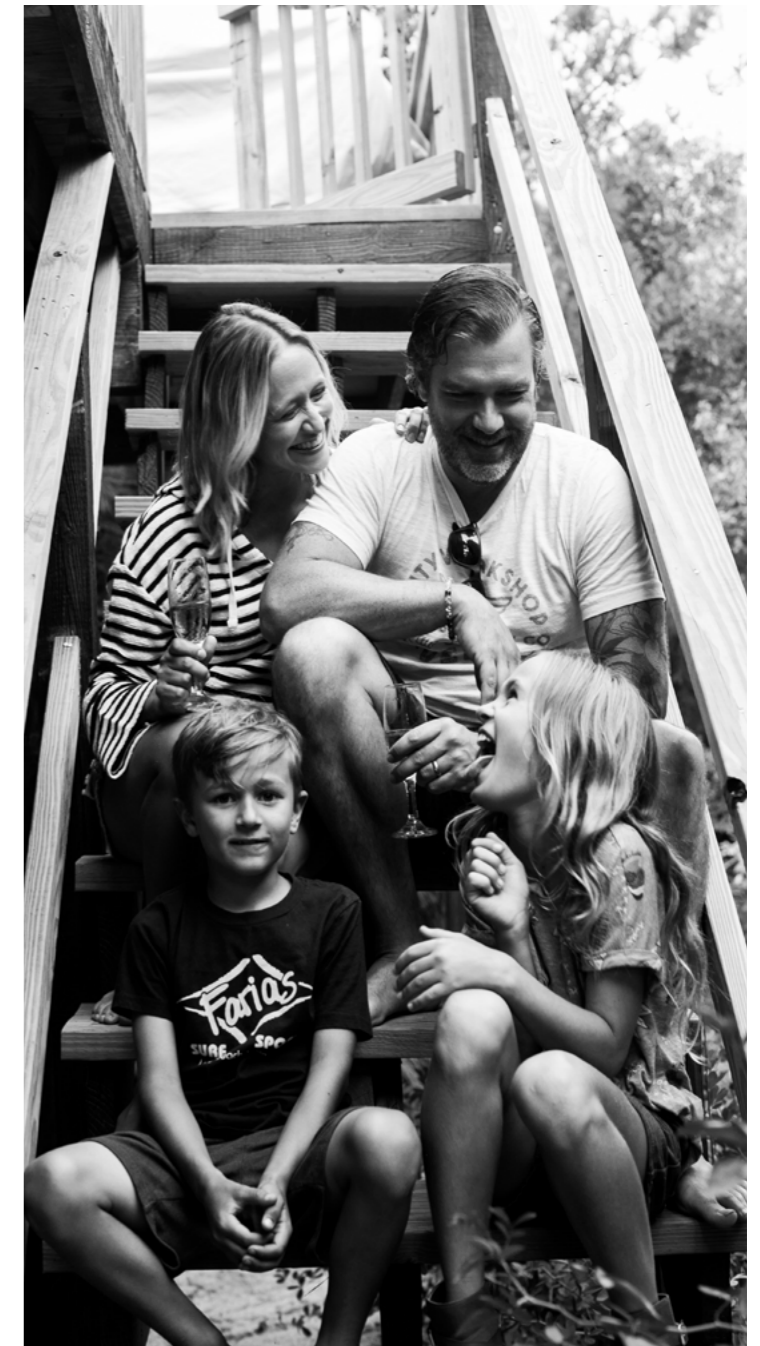

Documentary photography is an art form and the results can be incredible for the the years to come!

Day in the Life photography documents a day with you and your family at home, on vacation or anywhere you like. From waking up with your kids, to putting them to bed at night, to family reunions, birthdays and more, I'll be there capturing all the moments throughout your day.

A typical day can look like breakfast with the kids, some outdoor activities, a visit to the beach, the boardwalk, or anything you would like to do!

We'll work on a plan that best encompasses your time spent together.

All you have to do is just BE in the moments. No need for forced smiles or fancy clothes. (unless of course that's your style.)

WHY ME?

During a photo session with me, I am not just a photographer. I am an artist, a careful observer, a keen listener, a bit of playful entertainment, and hopefully by the end of your time with me,

YOUR FRIEND BEHIND THE LENS.

TESTIMONIAL

"This is what our girls said after Tiffany photographed our family: Can she come back and live with us? Or at least spend the rest of the week with us at the beach?" We loved Tiffany-- what a fun, class act! She brought out the very best in all of us and made it so enjoyable! "
