Engagement & Proposal Sessions

I LOVE PEOPLE

Hi I'm Tiff!

As a documentary photographer, I work like your own personal photojournalist.

From a surprise proposal, a lifestyle engagement, to an adventurous stroll around your favorite spots in a city or beach town, I am inspired by YOUR story!

Capturing love and couples starting their journey together is a truly magical time.

I LOVE TO PHOTOGRAPH PEOPLE.

It's just that simple and significant.

“All I need is YOU to make for a great session!”

What's an Engagement Photo session look like?

My Engagement sessions are fun-filled couple shoots that include candid photography along with some posed portraits and are shot at various locations on the shore or in nearby cities.

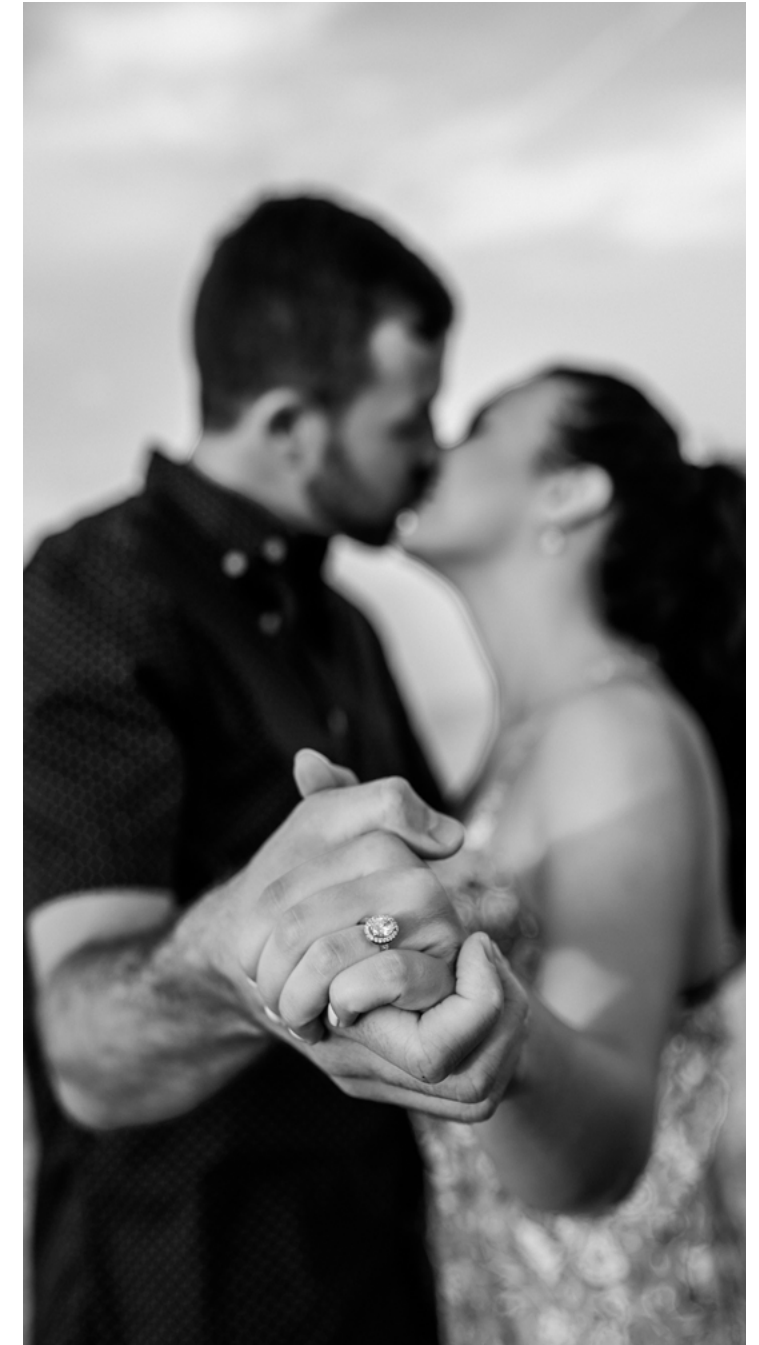

Engagement sessions are shot about an hour before sunset to ensure for the best possible lighting.
(Or sunrise if you're up for it!)

When you schedule your session, we will decide what exact time is best according to the sunset times and the location of your shoot.

Feel free to bring some outfit changes or any props that you think would be fun or that add to your self expression for the photo shoot. I truly want to capture who you are, so anything that contributes to that in a session makes for great photos!

“What about capturing a Proposal?”

How do you photograph a Proposal?

When planning a proposal shoot, I will help with timing, location, and a few simple suggestions to make sure everything goes off without a hitch!

A proposal can also happen anywhere, and with a little prep, can be a very exciting experience that you'll never forget!

I'll stay out of the way, shooting from a distance, so you can keep the moment private. Once the moment is complete, I'll introduce myself and we can continue with what will look a regular engagement session.

TESTIMONIAL

"Tiffany is extremely talented, responsive, and fun. She came all the way to DC for our engagement shoot, and made our shoot into a fun day walking around DC like we normally do. She captured my husband and I perfectly, and I can't imagine having anyone else as our photographer."
